	<p>On July 12, 2010 Manitoba Family Services and Consumer Affairs Child Care Program (MCCP) was informed of an incident, which occurred on June 24, 2010 June 25, 2010, whereby one child less than 3 years of age left the child care centre (the centre) playground unsupervised by any staff member. It was further reported by an individual that the child was observed, without any accompanying adult, running down the sidewalk and across the bus loop in front of the centre. This individual subsequently brought the child, who was then standing on Main Street, Carberry, back into the centre playground. It was reported that staff indicated they were aware the child had gone missing and were just going to look for him.</p> <p>This is a violation of The Community Child Care Standards Act section 3(1)</p> <p>Responsibility to provide proper environment Every person providing child care shall at all times provide an environment that is conducive to the health, safety and well-being of the children.</p>

Dear Parent:

A Licensing Order has been issued by my office and posted at **Carberry Child Care Cooperative**, located at **240 Main Street, Carberry, Manitoba**, the facility that your child is currently attending. The intent of this letter is to explain the purpose and effect of a Licensing Order and to advise where to call for more information.

As you are probably aware, child care centres, family and group child care homes and nursery schools in Manitoba are regulated by the Government of Manitoba. A child care co-ordinator is assigned to every licensed facility operating within the province. In order that a child care facility is licensed under *The Community Child Care Standards Act* and Regulations, it must comply with the Act and Regulations. A Licensing Order may be issued by the Director of the Manitoba Child Care Program against a licensed facility in circumstances where a facility is not being operated and maintained in compliance with the requirements or standards in the Act or Regulations. It may also be issued if the Director believes that the licensed facility described in a licence is being operated and maintained in such a manner that its continued operation is or may be hazardous to the health, safety or well being of children receiving care in the facility.

The Licensing Order posted at the child care facility provides details as to the facility's lack of compliance with the relevant sections in the Regulation. Further, the Licensing Order provides details as to the changes which are required to bring the facility into compliance with the Regulations.

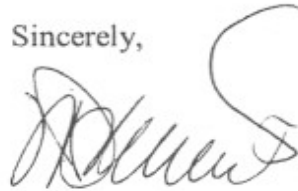

As a parent you should have complete access to all pertinent information concerning the events which led to this Licensing Order being issued. That is to say, you should have access to the following information:

1. Licensing Order which is posted;
2. The Child Care Co-ordinator's name and telephone number which is included on the Licensing Order; and
3. The details concerning the failure of the child care facility to comply with the Regulations and specific deadlines or compliance requirements set out in the Licensing Order.

The failure by this facility to comply with the Licensing Order may result in the suspension or revocation of the facility's licence. Please read the Licensing Order posted at **Carberry Child Care Cooperative**, located at **240 Main Street, Carberry, Manitoba**. If you have any questions, please call the Child Care Co-ordinator for **Carberry Child Care Cooperative**, whose name and telephone number is listed on the Licensing Order.

In the event that you have any further questions or concerns, please call Child Care Information Services at 945-0776 in Winnipeg or toll free at 1-888-213-4754.

Sincerely,

A handwritten signature in black ink, appearing to read 'Margaret Ferniuk', with a large, stylized flourish extending upwards and to the right.

Margaret Ferniuk
